The labors of Mrs. Olive K. Barnes in directing the domestic science department of the High School is bringing splendid results and arousing much interest among the young ladies. They have learned to cook many of the dishes that make up a part of the diet in most homes and the results are proving most gratifying to all.

We will buy all the beer staves, 2x4 3-4x22 inches that you will deliver at the Deters stave mill. We will pay \$20 a 1,000. Cline & Burnett. 2-17-25.

Through the courtesy and kindness of Judge Cordell Hull, congressman from this district, the High School has been favored with a number of bulletins especially helpful to the domestic science department for which all concerned are grateful. Congressman Hull constantly tries to be a servant of the whole people of his district and spares no effort to render all the aid possible in every way he can.

Dr. B. T. McDonald, of Dayton, will be in Crossville from March 1st to March 12 to do all kinds of dental work. Will be located in Dr. W. A. Reed's office. 2-17-25.

The Boy Scouts met in the W. C. T. U. reading room Saturday night, which was their first meeting since organization. They practiced tying knots and familiarized themselves more fully with the scout oath. The boys are much interested in the scout movement and we predict that the boys and the public will be much benefited by the result of their efforts. One man in town who has no family was so much interested in the movement that he brought a boy to the meeting and paid his enrollment fee. Inquire who the man was and you will likely come to the conclusion that you have not understood him in the past just as he is. For that simple act he will loom larger in the minds of many people in this community.

If you need a typewriter ribbon of any make or color or two-color, send 75 cents to the Chronicle office and it will be sent you by mail. Be sure to tell the kind of machine and number and the color of ribbon wanted.

A. C. Gill, professor of mineralogy in Cornell University, Ithaca, N. Y., hands us the following left-handed compliment: "I think it would be an unfriendly act to shrink up a man's hat so that he couldn't wear it. But wouldn't it be just as bad to swell his head? Hence I am not telling you what I think of your management of the Chronicle. I enclose remittance for my subscription which must be due some time soon." Possibly we may have needed a larger hat as the result of some of the complimentary things some people have said about the Chronicle, but unfortunately the income from the paper has been so small that we have not been able to make the needed purchase. However the \$1.50 sent by Prof. Gill comes in very convenient for that or many other purposes for which it is needed by the editor.

Fire Notice—Cattle men and others: Do not burn over my woodland. See the penalty. L. H. Bell, Howard Springs. 2-17-25.

One very interesting thing that comes within the scope of Boy Scout work would be the study of bird life, their habits and learn what birds are useful and otherwise. It is a very common practice of boys generally to throw stones at birds and kill them for the sheer pleasure of seeing how cleverly they can throw a stone. We believe the Boy Scouts just organized want to do better and more useful things than to wantonly kill or injure useful birds or animals. We have ordered several copies of a government bulletin on "Some Common Birds Useful to the Farmer" and hope to have them here in a short time. Every Boy Scout who wants one can get it by calling at the Chronicle office as soon as the bulletins arrive.

Esq. John A. Frey was over from Pleasant Hill Monday.

Mrs. Belle Knowles entertained a few friends Saturday night at the home of her parents, Mr. and Mrs. H. R. Webb, with a Five Hundred party complimentary to Miss Susie Dunbar and her guest, Miss Bea Thoburn, of Harriman. The others present were: Misses Fannie DeGolia and Eula Bishop, Messrs Jonas Snodgrass and Andy Hearn. Light refreshments were served and a delightful evening was spent.

Mrs. David Cox was in from Creston Saturday.

Arrangements have been completed whereby Cashier J. S. Reed will move into the residence now occupied by J. T. Weaver not later than the middle of next month. Mr. Reed's residence on Prospect Hill is for sale.

I shall handle the Armour brands of fertilizer and have it in stock both at Crossville and Isoline. I will sell for cash only but my prices will save you money as I intend to sell on a close margin of profit. E. B. Jones. 2-4-25.

Mrs. G. W. Davenport and son Fred were up from Grassy Cove Saturday.

E. G. Wilson and T. S. Parham were up from Burke Monday.

Logan Tabor was over from Isoline Monday and while here bought some farm implements as he plans to farm on a more extensive scale this year than ever before.

#### METHODIST EPISCOPAL CHURCH.

C. V. Bellamy, Pastor.

Sunday school, 10:00 a. m. J. E. Burnett, Superintendent.

Preaching, 11:00 a. m.

Miss Grace M. Roraack, field worker for the Woman's Home Missionary Society, will speak Wednesday at 7:00 p. m.

Epworth League Sunday 6:00 p. m., Elizabeth March, leader. A cordial invitation is extended to all to share with us all of these services, or any one of them.

The "stranger that is within our gates" will find a welcome here.

#### DON'T WORRY, but work.

E. G. Hamby was up from Erasmus Saturday.

Lost, strayed or stolen—One black and white bird dog, answers to name of "Dan." Two dollars reward for his return. Mart Burnett. 2-10-25.

Judge C. E. Snodgrass had a week off from his official duties last week and was at home with his family.

Wanted—A good pig that will weigh about 70 pounds. Call at the Chronicle office.

Ex-Marshall John W. Patton has sold his farm and mill at Linaria to Henry Miller and bought the Chas. Wilson farm, Watson. He left Monday to make the necessary repairs on the residence and will put in a small stock of general merchandise to accommodate the farmers and mill hands of that section. He will move this week. Mr. Patton has been engaged in the goods business before, has a good rating with wholesale men and it is every way reasonable to expect him to conduct a safe and profitable business as the location is one of the best country business points in the county.

A movement is on foot to establish a postoffice at Linaria. J. A. Hale will likely be postmaster. The plan is to have the mail that leaves here each morning for Pikeville, but which only goes to Burke, being met there by a carrier from Pikeville, return via Linaria instead of by Biglick as now. This will make the route about a mile and a half longer than at present, but the carrier, Chas. Bristow, will receive increased pay. The change will give the Biglick and Linaria neighborhoods each one mail a day while under the present arrangement Linaria has no mail and must go three to six miles for their mail. The change will doubtless become effective in a few weeks.

Joe Cry was in from Dorton Saturday. Some six weeks ago he had his foot badly mashed while handling timber on the section of the Tennessee Central and has been unable to work any since. He was in town to have the foot dressed. The doctor expects him to be able to return to work in a few weeks longer.

Leonard Potter, one of the thrifty farmers of the Peavine neighborhood, was in town Saturday.

S. J. Hill is preparing to move to Daddys Creek to make ties. Last year he met with a serious accident by falling on the blade of his axe while making ties and cut his left hand very badly and as a result he has not been able to do so much in that way for some months.

We have a few of the Cumberland County Bulletins left. If you want one come to the Chronicle office or write us. If you are a farmer it will be very helpful to you if you will read and heed it.

For Sale—Five pure blood Plymouth Rock pullets and one cockerel, at one dollar each. Call at Chronicle office.

Miss Fannie DeGolia entertained at cards Saturday in honor of Misses Susie Dunbar and Bea Thoburn, of Harriman. Those playing besides the honorees and hostess were: Mrs. Belle Knowles, Mrs. Geo Taylor and Misses Ethel Keyes, Lelah DeGolia and Eula Bishop. A delightful salad course was served after the games.

Emmett Hamby has been smoothing up the pike the past week with the road machine and the result has been good.

Mrs. J. S. Cline, who has been here for some days with her daughter, Mrs. V. Z. Cline, returned to her home at Crab Orchard last week.

Sam Vandever was up from Clifty Saturday.

Miss Susie Dunbar arrived home Friday from Harriman to pass the weekend. She was accompanied by Miss Bea Thoburn, who is known to some of our young people and who were glad to welcome her.

For Sale—40 cases canned beans and tomatoes, 1914 pack, at \$1.75 a case f. o. b. West. Quality guaranteed. Home Canning Company. 2-24-25.

Esq. Harry Martin was up from Howard Springs Saturday. He is very much in earnest about the coming fair this fall. When he once becomes enthused over anything he does not let it stop at noise, he gets down to work and makes something happen. If several other farmers in different parts of the county will put the energy into the work that Mr. Martin will, the fair this fall will surely surpass anything of the kind ever held in this county and will prove a genuine eye opener to our people.
